To search for names of people or business, type keywords into the search bar in your PDF reader. If a keyword search doesn't turn up expected results, it is recommended that you also scroll down into the alphabetical listings to search for the name, as the font-reading software is not perfect. The table of contents below can also give you an idea of where to look within the document for other kinds of information listed in the directory, like street guides and government agencies. Note that the PDF page number and the original directory page numbers are different, because the color-printed advertising pages in the directories were not numbered.

### Table of Contents:

<u>Description</u>	<u>PDF page number</u>

## SINGER'S SEWING MACHINES.

These Machines have an established reputation all over the civilized world. Some of their main practical advantages over other machines, for similar purposes, are as follows:—

1st.—They are superior in contrivance. Many distinct improvements, secured by numerous patents, are combined in them, and the minute perfections attained by years of laborious and costly experimenting have been added to them.

2.—They are superior in mechanical workmanship. No attempt has ever been made at expensive ornamentation, but all the working parts of our machines are made with the highest possible finish, without regard to cost.

3.—They are more profitable to the user than any other. The fair average clear profit of one of these machines, regularly employed, is

**ONE THOUSAND DOLLARS A YEAR.**

4.—They are universal in their application to practical work. With the same machine fine muslin may be stitched with the finest cotton thread, every description of tailoring work done, shoes, harness, or other leather stitching executed, and each of these kinds of work be performed better than by any other machine.

5.—They are more durable and less likely to get out of order than any other. This results necessarily from their perfect contrivance and construction.

6th.—For **Family** or **Plantation Sewing**, our machines are vastly superior to any other. Fragile and delicate sewing machines, made to please the eye merely, are recommended for family use. They will *not* answer the purpose. Family Sewing Machines ought to be stronger than any other, as greater variety of work is required of them, and they go into less skillful hands.

7.—Whoever buys one of our machines knows to a certainty it will perform the work required.

8.—Our machines make a fast stitch, that will neither rip, ravel, nor pull out.

All persons wishing full information about Sewing Machines—Prices, Sizes, &c.—can obtain it by applying at either of our Offices, by letter, for a copy of **I. M. SINGER & CO.'S GAZETTE**, a paper entirely devoted to the subject. It will be sent gratis.

# ARTIFICIAL LIMBS,

PALMER'S PATENT.

MANUFACTURED BY PALMER & CO.,

At 378 Broadway, New York, and 19 Green Street, Boston.

[The Cut represents the application of these Limbs, above the knee and below, and in cases where both legs are amputated.]

THESE LIMBS are radically and essentially different in their mechanism, their operation, usefulness, and comfort, from those ordinarily made and sold. They are beautifully adapted to every variety of stump; for every age and sex; and for walking with the utmost ease and gracefulness; as also for actively engaging in every kind of business pursuit.

They are accredited as the most useful and beautiful limbs ever invented, for which they have the highest awards of Gold and Silver Medals.

Upward of two thousand persons, men, women, and children (including twenty-five persons wearing pairs of them), are in the daily and constant use of these Limbs.

**Entire satisfaction is guaranteed.**

Pamphlets, containing *References*, and the *most reliable information*, are sent to all who apply for them.

## LINDSEY'S DOUBLE-ACTING ROTARY FORCE PUMP.

This Pump has recently been GREATLY IMPROVED, and now raises water much faster and easier than when first made. The side gearing and balance wheels are now adapted to all depths of wells—and an air chamber has been made so as to attach to it in two minutes time—rendering it very convenient for throwing water for ordinary purposes; it is also arranged so as to discharge water at the top of the ground, and also at second or third stories above. For cisterns, and wells of all depths, it has now no equal, especially for DEEP WELLS. A pump and 20 feet of pipe complete, costs \$20; a pump and 35 feet, \$26; a pump and 50 feet, \$28; &c. Gearing, from \$3 to \$8, owing to depth of well. Three sizes are now made and ready for sale—and the pump warranted to work. A Circular, with drawings and full description, sent free of postage to all parts of the world, on application to

JAMES M. EDNEY, 56 John Street, New York.

## PIANOS, MELODEONS, HARPS, &c.

For the accommodation of strangers and others visiting the lower part of the city, one assortment of A. H. GALE & Co., and Wm. MILLER'S unrivalled PIANOS, and CARHART, NEEDHAM & Co's., and LUSCOM, DEARBORNE & Co's far-famed MELODEONS will be kept constantly on hand; together with every style of Piano and Melodeon Stools, Covers, and Instruction Books. As the subscriber pays no rent, and sells for a small commission, he challenges examination and comparison as to styles and prices, with any other establishment. Instruments of these and all other makers at wholesale and retail, at factory prices, and fully warranted.

# LYON'S MAGNETIC POWDER

FOR THE

## Destruction of Insects, without Poison,

Has been for many years a Standard Article throughout the United States, as well known and as regularly in demand by housekeepers as any merchandize of the first necessity, used for domestic purposes. It has been subjected during this time for analyzation and experiment to the First Scientific Men in Europe and America; to the Medical College, of New York; to distinguished chemists in France, England and Germany; at the World's Fair in London, held in 1851; at the International exhibition in the Crystal Palace, New York, opened in 1853; at the great Belgian Exposition, held in 1847. During this time the Inventor and Proprietor, EMANUEL LYON, has been honored with

## FOUR NATIONAL MEDALS!

And the Powder has received the Autograph Endorsement of the President of the United States, Prince Albert, and thousands of leading citizens in every department of business, throughout the Union. The Powder has been declared by eminent chemists of all countries

## FREE FROM POISON,

and entirely innocuous; while thousands of letters testify that it immediately and infallibly destroys

**Bedbugs, Cockroaches, Moths, Fleas, Ants, Flies, Mosquitoes, Plant Insects, Vermin on Fowls and Animals,**

and every other species of insects with which it particles come in contact. In consequence of the article being extensively counterfeited, it is necessary to **Caution the Public** not to purchase any packages purporting to contain LYON'S MAGNETIC POWDER, which are not verified by a fac simile of his signature upon the label. A new lithographic label is on every flask and box.

**Lyon's Magnetic Pills**, for the destruction of Rats and Mice, will exterminate these vermin, however numerous they may be, within twenty-four hours, in any private dwelling, store, warehouse, outhouse, barn, etc., where they are placed.

Principal wholesale and retail depot for Lyon's Magnetic Powder and Pills, 424 Broadway. Sold by Mrs. Hayes, 175 Fulton Street, Brooklyn, and all respectable druggists in the United States. Retail price, 25 cents per flask or box, with a proportionate reduction to wholesale buyers.

# "THE EVERGREENS,"

A Cemetery Incorporated under the Act authorizing the Incorporation of Rural Cemetery Associations.

This Cemetery is situated more centrally than any other, and is accessible by the various conveyances through Myrtle and Division Avenues, and is never likely, from its position, to be disturbed.

It adjoins the City of Brooklyn on the east, and occupies an area of two hundred acres, between the Cypress Hills Plank road and Jamaica Plank road.

Division Avenue, (or Broadway,) through which runs a line of stages, is paved to the gate. The City Railroad Cars will run through Fulton Avenue to the gate in the present year.

The natural beauties of this Cemetery, and the improvements thus far made, are in no wise inferior to those of any other.

**The Prices of Graves and Burial Lots vary from \$7 to \$70.**

Further information can be given at the office of the Cemetery, No. 337 Fulton Street, Brooklyn, from 9 A. M. to 5 P. M., or on the ground by applying to

**WM. C. KNEELAND, Comptroller.**

**W. H. ASHTON,**

Engraver, Copper Plate &c.

AND

LITHOGRAPHIC PRINTER,

**331 HARPER'S BUILDINGS,**

PEARL STREET,

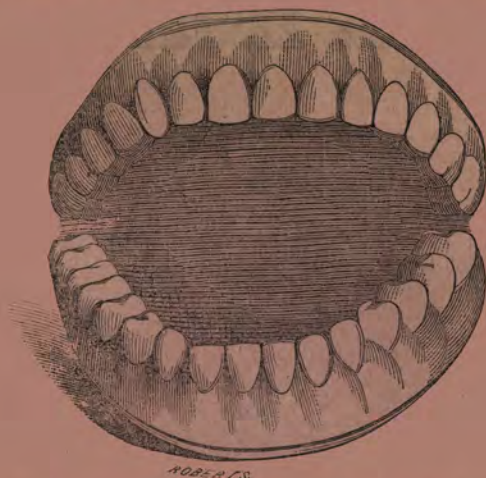

**NEW YORK.**

---

Business, At Home, and Wedding Cards, in the most  
Fashionable Style.

# DENTISTRY.

J. W. SMITH, M. D., recently of 98 Clark Street, and JOHN SCOTT, D. D. S., of 193 Atlantic Street, have associated themselves in business under the name of

**SMITH & SCOTT,**

And may be found at

**267 FULTON STREET, - - - BROOKLYN,**

Where they will be happy to wait upon any wishing their professional services. Having taken spacious apartments, they possess facilities which enable them to offer strong inducements to their friends and the public for patronage in all branches of the profession.

They would call attention to their **continuous Gum work**, which is unsurpassed in any office, specimens of which can be seen by calling upon them.

Particularly they solicit attention to their method of treating

**NERVE CAVITIES, PAINFUL OR ULCERATED  
TEETH,**

Restoring them to health and usefulness, to the truthfulness of which they are able to give over **one thousand references** in Brooklyn and New York.

**They Extract Teeth without Pain,**

By an Anæsthetic process peculiar to themselves, safe and sure in all cases.

They trust that both of them are too well known in Brooklyn and vicinity, to require special reference or puffing, their motto being

**Strict Integrity in Professional Dealings,**

• Despising **HUMBUGGERY** or **DECEPTION** in any form.

# STREET AND AVENUE DIRECTORY

OF THE

(CONSOLIDATED)

## CITY OF BROOKLYN.

Corrected and revised in accordance with the latest Corporation numbers up to  
May, 1857.

Showing the position, commencement, and termination of each Street, Avenue, Place, Lane, Court, Alley, etc., in the Consolidated City, with the junctions and crossings of the intersecting streets; also, the number of the building at the corner of each street, avenue, &c., when there is any.

When there is no house on the corner, or where the corner house fronts on the crossing street, the number nearest the corner is given, and a \* placed before it to denote that that number is not to be looked for on the corner of the street or avenue named.

A — denotes that there is no number on the corner or near the corner.

A † placed in the right or left column denotes that the street does not extend to that side of the one under whose heading it is found.

As a rule, the numbers will be found to commence westward and northward from the opening of the street or avenue the even numbers occurring generally on the right-hand side.

### EXPLANATIONS.

If you wish to find the location of any number—for instance, 115 Bridge Street—on consulting the Directory you will observe that 105 Bridge is on the left hand of that street, and on the corner of Prospect, and 129 Bridge is on the left hand corner of Sands; hence, the desired location of 115 Bridge is between Prospect and Sands, on the left hand side.

The capitals E. D., when placed after a street, avenue, etc., denote that it is in the Eastern District. As there are several streets in Greenpoint, Bushwick, and Williamsburg of the same name, and all being reckoned as the Eastern District, the exact location of such streets is given in connection with the capitals E. D.

Note.—As there are two Hudson Avenues in the Western District—one running from East River, between Gold Street and the Navy Yard, south to 408 Fulton Avenue, the other from Fulton Avenue, between Brooklyn Avenue and Albany Avenue, south to City Line (Flatbush)—the latter will be designated through the body of this work by *Italics*.

# THE INCOMPARABLE PEN.

## PRINCE'S

# PROTEAN FOUNTAIN PEN.

*Patented in the United States, January 23d and December 25th, 1855; and also in Great Britain, Ireland, Channel Isles, and on the Continent.*

This new and valuable invention has been used for months by various writers in various parts of the country. The uniform testimony of those who have fairly tested its merits is in its favor.

**ADVANTAGES.**—An Incorrodible and durable Ink Reservoir, made of PROTEAN, under GOODYEAR'S PATENT, filled with ease and rapidly, supplying the pen for six or eight hours, and saving one-third of the time.

A new and important improvement has recently been added to this invention, by which any writer can graduate the flow of Ink. Now perfected, it **excels all other Pens yet given to the Public.** It is easily filled and managed. It is self-supplying—the ink flowing from the point of the pen by the action of the pen in writing. One can write from two to ten hours with one of these pens, the time of course depending upon the size of the fountain-case. The ink flows on with the current of thought, thus saving much time, labor and patience. The pen is portable—can be carried in a gentleman's pocket, or in a lady's reticule, and is ready for use at any moment. It is the "pen of the ready writer;" is what it professes to be—one of the useful inventions of the age.

We, the undersigned, who have used it give it our cordial recommendation:—

Rev. H. A. Rowland, D. D. Pastor Park Church, Newark, N. J.; Lyon & Hillyer, N. Y. Mercantile Journal, 112 Pearl Street; W. R. Palmer, Jr., N. Y. & N. H. R. R. Trans. Office; J. Edward Turner, M.D., 303 E. Broadway, New York; B. S. Joslin, M.D. 72 University Place, N. Y.; Francis C. Woodworth, Ed. "Woodworth's Youth's Cabinet," N. Y.; L. T. Downes, Providence, R. I.; William Jones, Jr., Book-keeper, Chambers Street, N. Y.; Rev. D. M. Seward, Pastor Presbyterian Church, Yonkers, N. Y.; Doras S. Stone, Sec. Hanover Fire Insurance Company, N. Y.; Geo. Waldo, N. Y.; William H. Starr, Bookseller, New London, Conn.; Rev. E. S. Williams, Missionary to West Africa; Lebbens Chapman, Att'y at Law, 38 Wall Street, N. Y. S. D. Hungerford, Pres. Hungerford Bank, Adams, N. Y.

"We have used this pen for three years, during which period we have spent, at different times, from three to five hours in succession in constant writing.—*Student.*

"I have written with this pen over 3000 pages of cap manuscript within three weeks past, and it is a prime pen yet. I would not be without one for any consideration.

W. BLAIR LORD.

"Prince's Protean Pen I regard as one of the most valuable and time saving inventions of the present day. ALBERT GILBERT, Clerk of the B'd of Education, N. Y.

"I have used Prince's Protean Fountain Pen for the last nine months, and consider it superior to any other that I have ever seen.

A. G. POMEROY, Bookkeeper, Cincinnati, Ohio.

P. H. Watson, Attorney at Law, Washington, D. C.; Rev. Edward W. Gilman, Cambridge, Mass.; J. Meredith, Baltimore, Md.; Rev. Dr. E. Nott, President of Union College; H. S. Smith, M.D., Brooklyn, N. Y.; Mr. Walsh, 26 Liberty Street, N. Y.; H. P. Camerden, Jr., Merchant, 25 Pine Street, N. Y.; Theo. Peck, Custom House, New York.

**MILITARY.**

The militia force of the State of New York consists of 8 Divisions, and is divided into 32 Brigades and 75 Regiments, amounting to 18,500 men, rank and file. This body of men have uniformed themselves, and, being equipped by the State, they constitute its citizen soldiery, which is the only organized militia in the Commonwealth; while the Constitution imperatively declares that the militia of this State shall, at all times, hereafter, be armed and disciplined, and in readiness for service. While 18,500 of its citizens have volunteered by law, and are fulfilling the agreement on their part, it is a humiliating truth, that the State has not, as yet, redeemed its pledge to provide the means promised in its *Statutes*, for the support of its militia. The law does not propose, nor do our citizen soldiers ask, that moneyed equivalent shall be paid for all the service rendered by them as enlisted men, while they willingly not only spend a very large amount to uniform themselves, but devote much valuable time in endeavoring to obtain the requisite military drill and discipline to make themselves good soldiers, for which they do not desire or receive the slightest pecuniary compensation; they do ask—and have they not a right to demand?—that, what the State, in its Statutes, has engaged to do, shall be done—viz.: Provide the means to liquidate the expenses of such parades and encampments as the law imperatively requires to be

held from year to year. When that is done, and not till then, the success of the organization of the militia force of the Empire State will be complete.

## PATENT SELF-CLEANING

# CHIMNEY TOP,

**SECURING A PERFECT DRAFT**

To all Houses, Hotels, Factories, &c., where the draft is poor and the Smoke or Gas blows down, which is so very injurious to the health of all. These Tops are different from all others now manufactured, there being no Cross Bars to obstruct the Flue, keeping the Flue clear and no chance to get choked up with Soot. They are also quite an ornament to the Chimney, and last for many years, at a Low Cost.

**A Perfect Remedy for Smoking Houses and  
Scolding Wives.**

These Tops are made to fit all size Flues, and the best article now in use to complete the draft in Hotels, Factories, Dwellings, &c in fact any place where the draft is poor.

# Manufacturers of the Etna Heater.

A thorough trial of the "ETNA," during the past severe Winter, has proved it to be decidedly the best, most economical, and efficient fire-place heater in use. Numerous testimonials have been received from persons who have used the ETNA, some of which we have published in our Circular. It is neat and cheerful in appearance, and is entirely out of the way, warming sufficiently the room in which it sits, and throwing up a strong current of hot air into the room above. It is substantial and simple, easy to use, and easy to clean out. It is set without marring the house in the least. No floor, carpet, or wall has to be cut; and it can be taken out and removed without leaving any trace behind it.

No. 1, is designed for medium houses. No. 2, for houses of a larger class, having a fire-pot twelve inches in diameter.

Dealers also in Furnaces, Heaters, Ranges, Stoves, Grates, Tin & Sheet Iron Ware,
